We invite you to be a visible supporter and participant for the highly-regarded AMCIS in New Orleans, where scholarship, fun and adventure all meet together in one venue.

As a sponsoring participant, you have the opportunity to reach 900 or more attendees and impact the additional 4,300 and more members of the Association for Information Systems. The scholars and scientists you reach here will take your message home to thousands more in the classroom and in personal encounters in the business world.

We value you as a sponsor, and are dedicated to making your support for our world-class scholarly association a rewarding and impactful promotional event for your company and its marketing interests. As you review our sponsorship opportunities, which range from sponsored academic and practice workshops, exhibition display presence, or branded affiliation with key high-visibility conference events, feel free to contact us with questions and for assistance in custom-designing the sponsorship experience that maximizes your reach to one of the worlds’ leading audiences of business technology researchers and teachers. Our attendees are the key to technology specification decisions among the world’s leading future CIOs and technology procurement experts.
